

VALLEY SUNSET DISTRICT
California Federation
Business & Professional Women

To: Status of Women Commissioners

From: Valley Sunset District
Sierra Mar District
Business & Professional Women

Subject: Speaking Engagement

Date: January 21, 2012

Where: Brookside Country Club
Pasadena, CA.

The California Federation of Business & Professional Women's Southern California Districts, (Valley Sunset and Sierra Mar) are having a combined Winter Conference in January, 2012.

At this conference, we will be having a mini Government in Action program, prior to our State function in March in Sacramento.

On our legislative platform we endorse CEDAW, Equal Pay and also support for the Status of Women's Commission. We know the commissions are having challenges with budget cuts and etc.

Since most of our members either live or work in Los Angeles County, it would be appropriate for us to know what is happening in our County.

It is our wish to have a Commissioner be our luncheon speaker for this conference. It would give your commission to tell about the activities and to promote your Women of Achievement luncheon during women's history month.

Our BPW members would also appreciate knowing what our federation could do to support the Status of Women commission.

Please let me know if a member can accept our invitation and be the luncheon speaker. Since we need to publicize the conference, we need to know as soon as possible a confirmation. A bio of the speaker and the focus of the topic.

Looking forward to a positive reply.

Best Personal Wishes:

Marjory Hopper
